

032 COMMERCIAL DEPLOYMENT

One venue · complete KEYS platform

Built for Alabama private clubs

One complete KEYS platform, configured around your venue.

KEYS connects membership, admissions, payments, incident management, analytics, audit history, and ABC-facing review in one system.

30-DAY FOUNDING VENUE PILOT

\$250 one-time

Hosted instance, standard configuration, member branding, account setup, training, and founder-supported launch.

THE COMPLETE KEYS PLATFORM

- Applications, identity verification, and temporary membership controls
- Serialized venue-branded digital membership cards
- Staff Kiosk, admission decisions, and Manager Review
- Initiation, dues, application, door-fee, and venue-configured payment records
- Sponsor, election, meeting, and approval workflows
- Hosted guest and non-member activity records
- Incident Management, restrictions, restoration, and plain-English audit history
- Door Analytics and person-level admission detail
- Compliance Readiness, PDF/CSV exports, and read-only ABC access
- Founder-supported configuration, training, and rollout

RECOMMENDED OPERATING SETUP

DOOR TABLET

Applications, member lookup, admissions, and staff decisions.

OPERATIONS TABLET

Management, payments, incident review, reporting, and backup access.

ID + MEMBER-CARD SCANNER

Validated scanning for driver-license PDF417 and member QR workflows.

START WITH EXISTING EQUIPMENT OR REQUEST A HARDWARE QUOTE

Use compatible equipment already available at your venue, or request a separate quote for pilot-ready hardware. Continuing service is quoted after a review of the license type, workflow, existing equipment, rollout, and support needs.
